RE: Comments Regarding FDIC application #20051977: Wal-Mart Application for Insurance and Industrial Bank Charter

Dear Chairman Powell and Director Carter:

I wish to express my opposition to Wal-Mart Stores, Inc. application for a Utah Industrial Bank or Industrial Loan Company Charter (ILC) and Federal Deposit Insurance Coverage.

While Wal-Mart states that the ILC would only be used to process debit and credit transactions at its 3,700 plus stores, I feel that the ILC could introduce a future amendment to provide other banking services such as, retail banking services, loans, and Wal-Mart bank branches. The potential of a retail giant like Wal-Mart entering the banking business violates the restriction of mixing commerce and banking. I oppose a commercial firms' ability to start or purchase an Industrial Loan Company.

Wal-Mart has a history of attempting to enter the banking industry. This is in despite of existing regulatory restrictions preventing the mixing of banking and commerce. Congress took action as a result of Wal-Mart's efforts to purchase a small thrift institution in Broken Arrow, Oklahoma in 1998. The Gramm-Leach-Bliley Act of 1999 closed the unitary thrift holding company loophole and prohibits commercial firms from owning or acquiring savings associations as likewise they are prohibited from owning banks. In 2002, Wal-Mart again attempted to enter the banking industry by seeking to purchase a small California Industrial Bank. The California legislature stopped the purchase by passing a law disallowing commercial firms from owning ILCs.

I believe that customers would be adversely affected by a Wal-Mart Bank. Customers would be evaluated only on their credit scores and the local bank-customers relationship would be non-existent. Consumer choices would be limited. More importantly, bank deposits could be directed out of the community, negatively affecting local lending policies and community support projects.

I request the FDIC to hold regional public hearings to examine this issue. It is critical that other viewpoints be heard including those from banking trade associations and the general public.

In conclusion, I oppose Wal-Mart's application for an ILC and federal deposit insurance coverage. I urge the FDIC to deny the application.

Sincerely

Roger L. Severson
